PHONICS WORD SORT GAME BOARDS, GRADE 1+

INTRODUCTION

Students enjoy the game-like features of *Phonics Word Sort Game Boards, Grade 1+*, while learning to read and spell important high frequency grade 1 words. The words are from the *National Reading Vocabulary* and other words important for grade 1. The key to the program's success is word organization and rhyming. The words are organized in predictable decoding (rhyming) patterns to make them much easier to learn.

PRESENTING THE PROGRAM

Students can begin the program with the first game board and work through the game boards in sequence, or they can read the words on the word sort game boards to determine where to begin. They read the words down and across and begin where they have reading difficulty.

Most of the game boards have the same structure. Presenting the program requires only that teachers become familiar with the structures of game boards 1 and 2, and of game boards 15 and 16.

FOR THE TEACHER:

Word Sort Game Board 1, Page 1 (Words Rhyme Down)

- Pronounce and discuss the words with students.
- Students trace the words. They say each word as they are tracing.
- After they have traced the words, assist students in cutting out the word cards.
- Students practice sorting the words (matching the words by identical endings).
- Students practice reading the words down, the rhyming words.
- After practice, students read the words across, the non-rhyming words.

- The word cards can be used for speed sorts, to see how quickly students can complete the word sorts, and for games such as *Concentration* and other card games.

Word Sort Game Board 2, Page 2 (Word Completion)

- Help students cut out letter cards on the bottom of the page.
- Read the words, and have students place the correct letters to make the words.
- Read the words from the page 1, Word Sort Game Board 1, in the order of the rhyming words going down the page. For example, the words for page 2, Word Sort Game Board 2 (Word Completion) are **ran, man, can, pan** and **hat, sat, cat, rat**.
- The letters for the top words have a solid dot and letters for the bottom words have an open dot. This helps students to identify the letters when making a word.
- For added practice, students match any letters that make a word. Even if the letters do not make real words, students benefit from pronouncing them. Students can keep track of words in a STUDENT SPELLING NOTEBOOK.

Word Sort Game Board 15, Page 15 (Words Rhyme Across)

On some game boards the rhyming words go across. Students trace the words, cut out the word cards, and practice matching the rhyming word pairs, and then read the non-rhyming words.

Word Sort Game Board 16, Page 16 (Word Completion)

Students practice some of the words from game board 15. The words for this game board (FOR TEACHERS) are in the box on the bottom of the page.

AFTER STUDENTS COMPLETE THE GAME BOARDS,
SAVE THEM TO USE WITH OTHER STUDENTS.

GAME BOARD 1 (Rhyming Down)

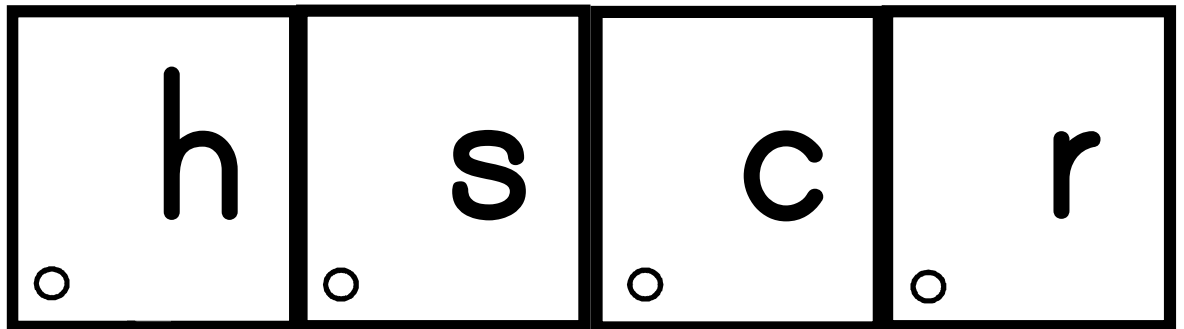

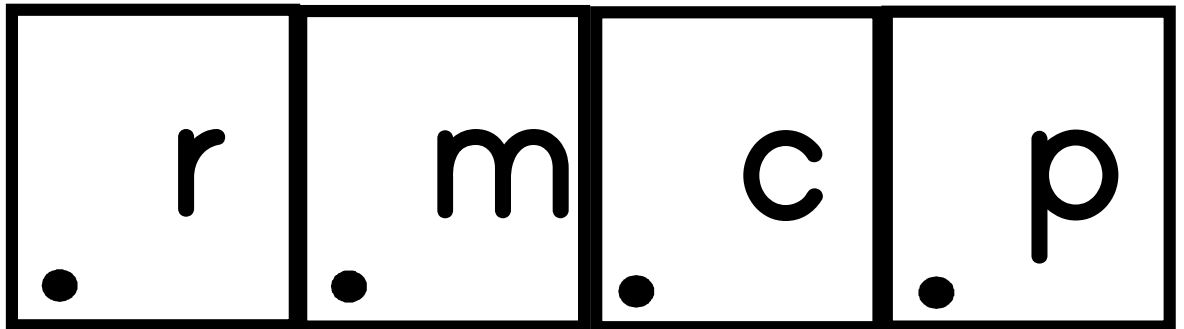

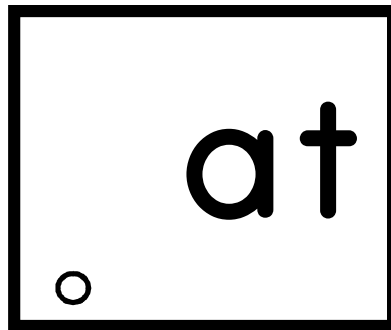

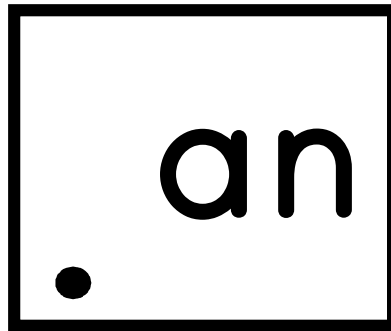

-an

-at

ran	hat
man	sat
can	cat
pan	rat

GAME BOARD 2

Refer to Game Board 1 for words.
Instructions are in the Teacher Guide.

GAME BOARD 3

-ad

-at

sad

bat

mad

fat

had

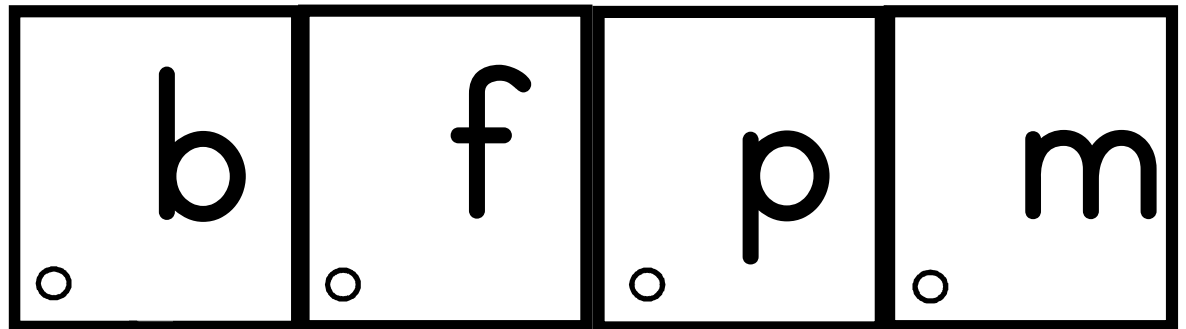

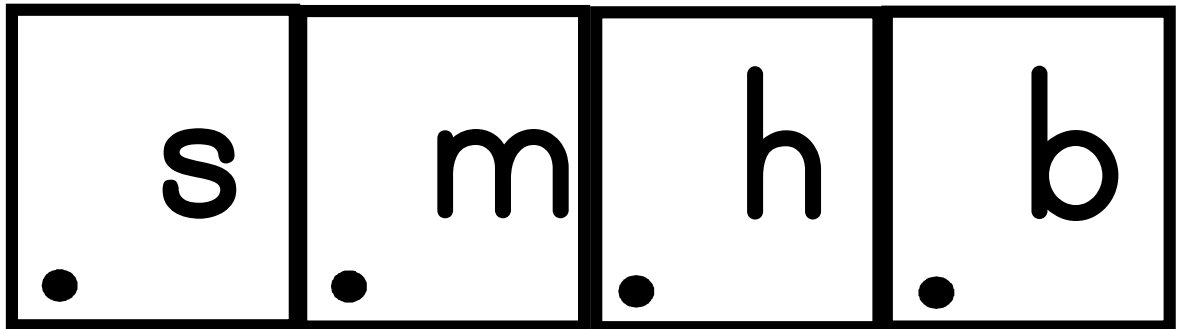

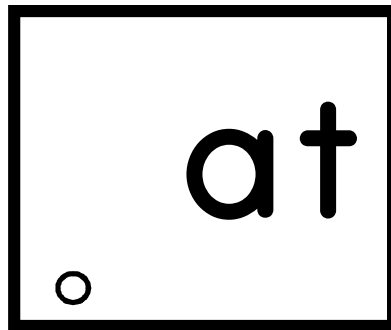

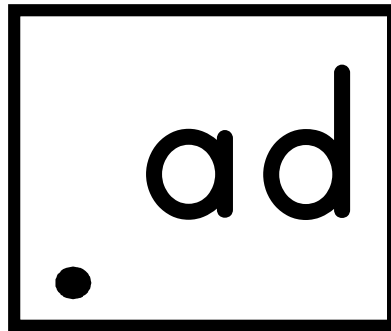

pat

bad

mat

GAME BOARD 4

Refer to Game Board 3 for words.
Instructions are in the Teacher Guide.

GAME BOARD 5
