Latin and Greek Word Roots 1

An enjoyable and easy-to-use program, Latin and Greek Word Roots 1 engages students and teaches word roots, the building blocks for words. As students complete the program’s challenging activities, word study cards, and quizzes, they (1) expand their vocabularies, (2) learn to pronounce multisyllable words, and (3) improve spelling.

(FOR THE TEACHER) After making copies of Lesson 1, Letter A, Pages 1, 2, and 3, follow the three steps to administer the program. (All of the lessons follow a consistent structure. The structure makes the program easy to administer and the students comfortable because they know what is coming next.)
