**MY ALPHABET BOOK**  
**TEACHER GUIDE**  
By Matt Glavach

**My Alphabet Book** is designed to help students master the alphabet. The book provides extensive practice in a step-by-step format. It is especially helpful for students needing extra practice and exposure to master alphabet skills.

Important features of **My Alphabet Book**:

1. Systematic organization
2. Step-by-step presentation
3. Continual skill reinforcement
4. Extensive self-directed practice

How It Works:

The book introduces the entire alphabet, upper and lower case, followed by practice in correct letter formation. Teachers make copies of the letter formation pages (pages 4 and 6). Students should practice these many times as they go through the program. Students continue practice as groups of letters slowly fade and then must be produced from memory. For added practice students can use different color crayons to go over the letters multiple times. Upon completion of the section, the book provides dot-to-dot pictures, varying in difficulty, for reinforcement and motivation.
